

Subject: Call for Papers: 69th Vibroengineering Conference, Lviv, Ukraine 2024

Dear Colleagues,

I kindly request your assistance in sharing this invitation letter below for the 69th International Vibroengineering Hybrid Conference in Lviv, Ukraine on Vibration Processes and Systems in Engineering with your network and students. This conference is a premier event dedicated to exploring the latest advancements and research in Vibroengineering. It serves as an excellent platform for academics, researchers, and professionals to present their innovative work, exchange ideas, and foster collaborations in the field of vibration technologies and systems engineering. Your participation and support in disseminating this invitation are highly valued.

Sincerely,

**Call for Papers:** 69th International Vibroengineering Hybrid Conference on Vibration Processes and Systems in Engineering

**Date:** September 26-29, 2024

**Virtual Participation:** Available for International Attendees

**Hosted by:** Lviv Polytechnic National University & "Extrica" Publishing House

**Official Website:** <https://www.extrica.com/conference/lviv-2024>

Mark your calendars for the 69th International Vibroengineering Conference on Vibration Processes and Systems in Engineering, a distinguished gathering that fosters the exchange of groundbreaking research, discussions, and collaborations.

**Why You Should Participate:**

- Engage in Rich Discussions with eminent scientists and industry experts
- Present and Explore cutting-edge research and innovative practices
- Achieve Recognition by publishing your research in proceedings indexed by elite scientific databases including Scopus, EI Compendex, and more.

**Who Is Invited?**

This call extends to researchers, graduate students, doctoral candidates, and professionals in the vibration processes and systems engineering. International participants are warmly invited to join us online.

**Important Details:**

- Paper Submission Deadline: August 31, 2024

For submission guidelines and further information: <https://www.extrica.com/conference/lviv-2024>

We're excited to offer a platform for local and international collaboration, knowledge exchange, and professional growth. Join us for an unforgettable experience.
